I am emailing to provide an update. One of the incident commanders from the team will be driving to the area today and will go specifically to that area to figure out a solution. I will continue to provide updates as required.

Melanie

Good morning William,
Your email has been forwarded to the team working on the Bridge Blockade. I will let you know as soon as I hear from them.

Hi [REDACTED], thank you for the email and [REDACTED]

I have cc'd our Council Assistants to this email. They can navigate this situation and determine how your uncle can be accommodated.

Sandra and Will, please see email below. I think this is an effort that may need to be coordinated with WPS and Public Works? Can you please look into this and see if there is a solution for Rodrigo? Thanks.

Fabio

Hello I am writing on behalf of my uncle, [REDACTED]. He is a resident of the west end, [REDACTED]

To start off, he was rushed to the hospital feb. 10. [REDACTED]

Our concern as his only source of mobility is that when he comes home soon, we need access to use his car soon as he is not able to climb into our van, truck or suv (our family members drive). He also has a handicap permit. His car is being blocked by the cement barricades both ways of the street making it impossible to leave the house.

Please guide us into the direction we should take to get at least just 1 barricade lifted to leave the house

Hope to hear from you soon. Thank you
